New Director

The Directors of HC Partners LP are proud to announce that Jasveen Singh has accepted an invitation to join our growing practice as a fellow director and partner.

Jasveen is a very experienced chartered accountant with 17 years' experience at HC Partners. We are confident that anyone who has met or interacted with Jasveen will join us in welcoming Jasveen to the partnership and wishing him all the best.

BUSINESS SALE

Our client operates a long established and successful South Canterbury service based business.

The business is now being offered for sale and the owners would consider either a full or partial business sale.

The managing director has indicated they would be prepared to remain for a reasonable period to enable a smooth transition to either new owners or new general manager.

If you have any interest at all please contact Paul Wolffenbuttel paul@hcpartners.co.nz and we will be in touch

INTRODUCING THE HC PARTNERS PAYROLL TEAM.

HC Partners provide a payroll bureau service and we are proud to be the region's leading provider for outsourced payroll. Utilising the Datacom suite of payroll applications HC Partners ensures that compliance is always our top priority.

The key benefits of using our service are:

Time and Cost Savings: Outsourcing your payroll to HC Partners can save time and reduce costs associated with hiring and training dedicated payroll staff. It allows your business to focus on core activities while leaving payroll management to HC Partners specialised professionals.

Expertise and Compliance: HC Partners Payroll is experienced in payroll management and stays up to date with tax laws, labour regulations, and compliance requirements. We can ensure accurate and compliant payroll processing, reducing the risk of errors and penalties.

Data Security: With Datacom as our payroll service platform, we guarantee and ensure robust data security measures are in place to protect your sensitive employee information. Features include Data encryption, secure servers, and access controls, reducing the risk of data breaches.

Scalability: HC Partners payroll provides scalability as businesses can easily adjust their payroll services based on changing workforce sizes. Our payroll platforms can handle payroll processing for both small and large organizations.

Access to Advanced Technology: HC Partners have ensured that we have access to advanced payroll software and systems. As our client, you can benefit from features such as employee self-service portals, automated calculations, and seamless integration with other HR or accounting systems.

For a no-obligation appraisal of your requirements do not hesitate to contact Adrian on 03 687 9212

RETIREMENT

Ann Moyle

After 15 years with HC partners Ann Moyle has decided to store away her abacus and is retiring from our accounting firm in favour of spending more time with her family and lovely grandchildren.

Ann has provided exceptional GST support for our practice over many years and we wish her and her husband Brian all the best for the next stage of their lives.

We will contact our GST clients to ensure a smooth transition.

HCRURAL

Leanne Fifield

We are also very pleased to advise that Leanne Fifield has joined our HC Rural division. Leanne will provide GST support and assistance to our rural clients in addition to assisting our rural clients with cash flow preparation, budgeting and utilisation of rural accounting software.

Leanne is a "hands on" advisor operating a beef and sheep farm with her husband Glen at Raincliff, South Canterbury.

Reminder to Xero Clients with BNZ Bank Accounts

BNZ has been working with Xero to simplify the way bank feeds are setup, and to help improve access to transaction data.

Bank feeds are now set up and connected automatically within Xero. This replaces the paper form set-up process.

If you already share your BNZ banking information with Xero, you'll need to switch to the new feeds.

How to switch

Xero or HC Partners will have sent detailed instructions on how to switch, to the primary Xero subscriber in your organisation.

If you have updated your connection you will need to log in to Xero then:

- select 'Update bank connection' which will direct you to the secure BNZ login page
- enter your BNZ access number and password
- authorise and confirm the information you agree to share with Xero
- check that the right bank accounts have been selected in Xero, and set up import start dates for your bank feeds for each bank account.

If you need help please contact us.
